Half Large Unit

(one side is angled, one side is straight)

Large Unit

(both sides are angled)

Munich Wall Large Radius Combo (pkg'd together on one pallet)

Product	Length of Major Face	Height	Depth	Wt.	Sq. Face Ft. Per Pallet	Units Per Pallet	Weight Per Pallet	Pieces Per Face Ft.	Pallets Per Truck
Half Large Unit	6"	4"	8"	13 lbs.	6	36	468 lbs.	6	19
Large Unit	12"	4"	8"	26 lbs.	24	72	1872 lbs.	3	

**Used primarily in conjunction with our original Munich (shown above) to make a radius or with the Munich Small Radius, (shown below) to make serpentine walls.

Small Radius Unit

(both sides are angled)

Munich Wall Small Radius

Product	Length of Major Face	Height	Depth	Wt.	Sq. Face Ft. Per Pallet	Units Per Pallet	Weight Per Pallet	Pieces Per Face Ft.	Pallets Per Truck
Small Unit	8"	4"	8"	16 lbs.	48	216	3542 lbs.	4.5	13

**Note: Contains enough pieces to build 3 Firepits that are 4 courses tall.

Munich Wall Fire Pit Kit (Complete)

Assembled on Pallet, comes with: 72 Munich Wall Small Radius Units, (4 courses high, outside dimension approx. 46" in diameter, inside dimension approx. 30" in diameter. Each row requires 18 pieces to complete a full 360 degree circle.) Also included are a steel Fire Pit Ring (approx. 7" deep by 29" in diameter) with removeable grill. Unit is topped with an easy access spark screen. Included are 4 bags of coarse sand. Each kit weighs 1482 lbs. ** Please contact your local code official PRIOR to commencing any hardscape installation. The home owner and / or installer are responsible for all construction code compliance. Steel components of any appliance in direct contact to high temperatures may experience mild rusting after finish has been removed; this is natural as with any out door grilling appliance.
